

November 5, 2009

Dear Colleagues

The 14th International Congress of Endocrinology (ICE2010 Kyoto, March 26 – 30, 2010) is now just over five months away.

We have extended the early-registration period to November 30. Please register on-line at <http://www.congre.co.jp/ice2010/>. The deadline is fast-approaching and so to avoid difficulties in last minute registration, we advise you to visit the website now.

The deadline for abstract submission (October 31) has passed. However, if you still have an abstract you would like to submit, please contact us immediately. We will make every possible effort to accept your abstract.

We have created an impressive program which consists of 11 plenary lectures, panel discussions, 32 Meet-the-Professor sessions and 113 symposia sessions. Nobel Prize winner, Prof. Ferid Murad, and two Lasker Award winners, Prof. Robert G. Roeder and Prof. Shinya Yamanaka, will give the plenary lectures. Please refer to the attached summary of the program for more information.

Thank you for your cooperation. We look forward to seeing you in Kyoto, Japan.

Sincerely,

Kazuwa Nakao, M.D., Ph.D.

Chairman of the Local Organizing Committee, The 14th International Congress of Endocrinology (ICE2010)
